## YOUR CAREER IN BRUSSELS

### TRAINING AND PROFESSIONAL OPPORTUNITIES IN THE EUROPEAN AFFAIRS

Which are the main job positions available in Brussels? Where can I find information for working in the EU Institutions? How can I improve my professional skills to be competitive in the EU Affairs job market?

The seminar "Your career in Brussels" will answer to these questions, focusing on the emerging job positions in the strategic EU context such as policy advisor, project consultant, communication assistant, office manager or research assistant. Useful information and links will be given to the participants about the EU Institution competitions, the skills required to work in the EU Affairs and the most suitable educational pathways to build a professional profile.

*Lecturer: Ms. Vanessa Spadaro*

*European Desk Coordinator  
Belgian-Italian Chamber of Commerce*
